COVID UPDATE from Nueces Canyon CISD – January 21, 2021

We have had two NCCISD students test positive for COVID-19. We have also had one NCCISD staff member test positive.

The students that tested positive will be in quarantine and those with direct close contact will also be in quarantine.

Extracurricular programs that are not affected will continue at this time. Programs that involve students who have been infected, quarantined, or exposed have had to be postponed and rescheduled.

Please continue to monitor your children for any COVID symptoms. The school district can test students or staff members, Monday – Friday.

If you have any questions regarding COVID-19 symptoms or testing, please contact Ms. McRorey or a campus administrator.

We will continue to inform our community of our COVID-19 cases. The current return date for on-campus instruction is February 1. If anything changes, we will post that as well.

Thank you for your concern and please continue to keep our students and staff in your prayers.
